STREET OF HOUSES

LIVE A LITTLE

Take a stroll down the **STREET OF HOUSES** at the Home Show, featuring some of Australia's best alternative and small homes.

Influenced by the Tiny House movement taking Australia by storm, the Street of Houses will showcase some of the latest custom mini-homes on the market. Whether visitors are on the hunt for a cost-effective new home, looking to reduce their carbon footprint, are tight on space or are simply on the search for a simpler life, a stroll down the street is sure to inspire.

Now is **YOUR** chance to be a part of this extremely popular feature! The Street of Houses will feature in both the Sydney HIA Home Show in March and the Melbourne Home Show in August of 2020.

The area will be landscaped to give the street a real life feel. Visitors will have space to explore, learn about tiny homes and get to speak to you face to face about your product.
